1868.

PROCEEDINGS
OF THE
MUNICIPAL COUNCIL,
OF THE
COUNTY OF WELLAND.

THIRD SESSION.

WELLAND, Monday, 1st June, 1868.

Pursuant to adjournment the Council met at the Grand Council Met. Jury Room in the Court House at the Village of Welland, on Monday the 1st day of June, 1868. at 4 o'clock, P. M.

The Warden in the Chair.

MEMBERS PRESENT.—Messrs. Beckett, Garner, Haney, Henderson, Hooker, Lattimore, Learn, Lee, Marshall, Members Present. Matthews, Miller, Seburn, Taylor and Treble.—14.

The Warden addressed the Council, and mentioned that at this Session the equalization of the Assessment Rolls would necessarily engage their attention; also, that the appointment of Local Superintendents of Schools and Sub-Treasurers of School Moneys would be made, and that this is the session at which moneys to meet the general expenses of the County, as also to provide for payment of instalments of principal and interest falling due upon Debentures the current year, should be appropriated; also, that moneys to meet the ordinary School Grant in aid of Common Schools in the several Townships of the County, and for the pay-

Wardens Address.

ment of Local Superintendents of Schools in said Townships are required to be provided at this session.

He also mentioned that some action with reference to "Brown's Bridge" would be necessary on the part of the Council, and stated that the Notices ordered at the Special Session in April, had all been given.

He went on to explain that, by reason of the expenditure in revising and writing anew the Registry Office Books relating to all entries previously to this becoming a separate Registration County, and the preparation of Abstract Index Books having necessarily exceeded the appropriation - the work having now been going on for about 2½ years with but one appropriation of \$4,000 therefor - and that by reason of a considerable sum being required to meet the expenditure for the "Junction Tap Drain" recently contracted for by the Council, it would be necessary to raise a temporary loan of about \$7,000 or \$8,000.

He mentioned that in all probability other matters of business would arise in the course of the Session, and stated that all such things needing their attention as might come under his notice, should be at once laid before them.

The Warden concluded by laying on the Table

The Committee rose and reported the following:

Whereas the Bridge over the Welland River at that point where the Town Line between the Townships of Pelham and Thorold touches the River, commonly called "Brown's Bridge," has got out of repair and is unsafe for public travel: And Whereas it has been represented to this Council that the said Bridge, by reason of the erection of a Bridge a short distance further up the stream called "O'Reilly's Bridge," and another Bridge a short distance further down, called the "Welland Bridge," and by reason of the change in travel which a change in the channels of business has occasioned — by reason of these altered circumstances — the said Bridge has ceased to be used as a public thoroughfare and is now a convenience only to a few families residing in the neighborhood: And Whereas the rebuilding and keeping in repair of the said Bridge is and will be attended with a heavy expense to this County: And Whereas in view of that fact and in pursuance of the said representations this Council has caused notices to be published in the Newspapers printed at the Village of Welland called the "Welland Telegraph" and "Welland Tribune," as appears by the affidavits of E. R. Dewhurst, Esquire, Proprietor of the "Telegraph," and John J. Sidey, Esquire, Proprietor of the "Tribune," now before this Council, that a By-Law will be passed at this Session of Council authorizing and requiring the stopping up, taking down and removal of the said Bridge, which Notices have been so published for at least four weeks previously to this third day of June, A. D. 1868: And whereas a like Notice

Council in Committee of the whole on Browns Bridge.

Report of Committee.

in writing has been posted up in seven of the most public places in the Neighborhood of the said Bridge for at least one month prior to this third day of June, A. D 1868, as appears by the affidavit of Adam K. Scholfield, Esquire, also now before this Council: And Whereas John Dunigan, David P. Brown, Arthur Phillips, and others, have by their Petition presented to this Council, prayed that the said Bridge be not taken down, but that the same be repaired by this Council: And Whereas the said David P. Brown and Arthur Phillips, also Robert Phillips and Peter McCollum, portion of the said Petitioners, all of whom claim to be interested in the matter of keeping up the said Bridge, have been heard in person at the Bar of this Council in support of the said Petition and upon the subject of stopping up, taking down and removal of the said Bridge generally: And Whereas, after the reading of the said Petition and the said Notices and affidavits and other documents touching the matter now before the Council, and after hearing the said parties, and after duly and maturely considering the whole matter and all the evidence adduced on both sides, this Council is of opinion that the said Bridge over the Welland River called "Brown's Bridge," is unnecessary and no longer required for public travel; that O'Reilly's Bridge before mentioned, and the Welland Bridge, afford sufficient accommodation to the community generally, and that the public interest, having in view the great expense to the County at large of keeping up the same, requires that the said Bridge be taken down and removed.

Be it therefore Resolved, That the Bridge over the Welland River, the approach to which from the North is upon the Town Line between the Townships of Pelham and Thorold, commonly called "Brown's Bridge," and particularly mentioned in the Notices and affidavits hereinbefore named, be and the same shall be stopped up, taken down and wholly removed, and that a By-Law founded hereon be forthwith introduced and passed.

Moved by Mr. Treble, seconded by Mr. Henderson,

That the Report of the Committee of the Whole in relation to Brown's Bridge, be concurred in.

Moved by Mr. Lee, seconded by Mr. Lattimore, in amendment,

That the Report of the Committee of the Whole on the Petition of John Dunigan in the matter of Brown's Bridge be not concurred in, but that it be referred back to the Committee with instructions to amend the same by striking out all in the Report after the word "opinion" in the second page thereof and inserting the following - that the prayer of the Petition of John Dunigan and others, in reference to the keeping up and maintenance of Brown's Bridge, ought to be granted, and that the Committee of this Council on Roads and Bridges be instructed and empowered to take the necessary steps in causing a new, suitable and substantial Bridge to be erected, said Bridge to be constructed to meet the requirements of Navigation and the traveling public, and this Council will provide the necessary means.

Amendment.

burn, Taylor and Treble.—18.

Moved by Mr. Barnett, seconded by Mr. Taylor,

That the Resolution respecting a grant of money in aid of the construction of a Battalion Drill Shed for this County, laid over from the January Session, be now revived and considered, which Resolution is in the following words: — Whereas by a certain Act passed by the Welland County Council, 24th January, 1867, intituled "An Act to appropriate money out of the County Funds to aid in the erection of Drill Sheds in the County of Welland," the sum of Two Hundred Dollars was granted to each municipality which erected a Drill Shed according to the Government plans and specifications, but irrespective of size for the accommodation of one or more Companies, no provision was made for the erection of a Battalion Shed. And Whereas the Government of Canada has offered the sum of Eight Hundred dollars towards the erection of a Battalion Drill Shed where there are two Companies at Headquarters: And Whereas a Battalion Shed will be for the use of all the Volunteer Companies in the County, and the cost of such a Shed would be in the neighborhood of Three Thousand Dollars, it would be unreasonable to expect the Town of Clifton to bear the whole expense — Therefore be it Resolved, and it is hereby Resolved, That the sum of One Thousand Dollars be granted in aid of the erection of a Battalion Drill She in the Town of Clifton, and that the Warden be authorized to issue his Cheque for the same, payable to the Municipal Council of the Town of Clifton, upon the completion of the Shed and approval of it by the Government Inspectors.

CHAPTER CCXXI.

AN ACT to require the stopping up, taking down and removal of "Brown's Bridge."

WHEREAS, the Bridge over the Welland River at that point where the Town Line between the Townships of Pelham and Thorold, touches the said River, commonly called "Brown's Bridge," has got out of repair and is unsafe for public travel: And Whereas it has been represented to this Council that the said Bridge, by reason of the erection of a Bridge a short distance further up the stream, called "O'Reilly's Bridge," and another Bridge a short distance further down, called the "Welland Bridge," and by reason of the change of travel, which a change in the channels of business has occasioned — has ceased to be used as a public thoroughfare: And Whereas the re-building and keeping in repair of the said Bridge, will be attended with a heavy expense to this County: And Whereas in view of that fact, and in pursuance of the said representation, this Council has caused notices to be published in the Newspapers printed at the Village of Welland called the "Welland Telegraph," and "Welland Tribune," as appears by the affidavits of E. R. Dewhurst, Esquire, Proprietor of the *Telegraph*, and John J. Sidey, Esquire, Proprietor of the *Tribune*, now before this Council, that a By-Law will be passed at this Session of Council authorizing and requiring the stopping up,

taking down and removal of the said Bridge, which Notices have been so published for at least four weeks previously to this third day of June, A. D. 1868: And Whereas like Notices have been posted up in several of the most public places in the Neighborhood of the said Bridge for at the least one month prior to this the said third day of June, A. D. 1868, as appears by the affidavit of Adam K. Scholfield, Esq., also now before this Council: And Whereas John Dunigan, David P. Brown, Arthur Phillips and others, have by their Petition presented to this Council, prayed that the said Bridge be not taken down, but that the same be repaired by this Council: And Whereas the said David P. Brown and Arthur Phillips, also Robert Phillips and Peter McCollum, portion of the said Petitioners, all of whom claim to be interested, have been heard in person at the Bar of this Council on the said third day of June, A. D. 1868, in support of the said Petition, and in opposition to the said intended By-Law, as well as upon the subject matter generally of taking down and removal of the said Bridge: And Whereas after the reading of the said Petition and the said Notices and affidavits, together with the other documents relating to the question, and after hearing the said parties and after duly and maturely considering the whole matter and all the evidence adduced on both sides, this Council is of opinion that the said Bridge over the Welland River called "Brown's Bridge," is unnecessary and no longer required for public travel; and that the public interest having in view the great expense to the County at large of keeping up the same, requires that the said Bridge be taken down and removed.

Be it therefore Enacted, by the Corporation of the County of Welland, and it is hereby Enacted, that the Bridge over the River Welland (within the County of Welland) at that point where the Town Line between the Townships of Pelham and Thorold touches the said River, which Bridge connects the said Town Line with the Township of Wainfleet, and is known and called "Brown's Bridge," be and the same is hereby declared to be stopped up and closed and to be no longer a Public Bridge in the said

County of Welland; and further, that the same be and is hereby required to be forthwith taken down and wholly removed.

III.—*And be it further Enacted*, that it shall and may be lawful for, and the Standing Committee of this Council for the current year on Roads and Bridges are hereby required, to cause the said Bridge to be at once stopped up, closed, taken down and removed, and that it shall also be lawful for the said Committee to make sale to any purchaser or purchasers whatsoever, at such time and in such manner as to the said Committee may seem best for the interests of this County, and for such price or prices as they may be able to obtain for the same, all wood, timber, plank, old iron and all materials of every description belonging to, forming part of, or heretofore used for the purposes of the said Bridge, the purchaser or purchasers to be required to remove such materials immediately—said Committee to pay over to the County Treasurer all Moneys they may receive in virtue hereof and to report to this Council what they shall have done in the premises at the next Session; provided always that any expenses which the said Committee may necessarily incur in carrying this clause into effect, shall be borne and paid by this Council: and provided further, that all inconsistent enactments of this Council be and the same are hereby repealed.

Passed in Council this 4th day of June, 1868.

COMMITTEE ROOM,
Welland, 2nd June, 1868.

FIRST REPORT OF COMMITTEE ON COUNTY
LANDS.

*To the Warden and Councillors for the County of Welland in
Council Assembled:*

The Committee on County Lands beg leave to submit their First Report.

In compliance with a Report of County Lands Committee adopted by Your Honorable Council on 31st January last, Your Committee made the necessary inquiry, in reference to parties complaining and threatening the County with suits for damages to their lands. Your Committee, after duly considering all the circumstances connected with these complaints, and the probability of threatened suits for damages being instituted against the County, Your Committee arrived at the conclusion that a straight ditch from Main Drain in Humberstone, on road allowance between lots 30 and 31 in 4th concession, to the road allowance between 4th and 5th concession of Humberstone, crossing said last road allowance, and thence North through lot 25 in fifth concession, Humberstone, to Town Line between Humberstone and Crowland, crossing said Town Line and following road allowance between lots 28 and 29 in 7th concession of Crowland to the Back Ditch on

south side of Welland Canal Feeder, intersecting with Brown's Culvert under the Feeder at this point.

And in view of carrying out the foregoing conclusion Your Committee instructed Fred Holmes, Esq., County Engineer, to take levels and prepare plans and specifications of the work, which instructions the Engineer has complied with. This being done, Your Committee advertised for Tenders, and on the 22nd of April last said Tenders were opened, which were as follows, viz:

No 1. Wm. Ingram,	per cubic yard,	30c.
" 2. Wm. Brown,	" "	22c in silver.
" 3. David Bald,	" "	21½c.
" 4. John Cross,	" "	24½c.
" 5. L. F. Brown,	" "	20c.
" 6. Matthias Minnis	" "	25c.
" 7. John M. Elsworth	" "	25 & 30c
" 8. Wm. Allen, of Hamilton,	"	30c.

The above were all the Tenders received, and after mature consideration the Tender of William Brown was accepted, considering, as the Committee did, that Brown's Tender, notwithstanding its not being the lowest, was for the interest of the County to accept. Brown accepts silver in payment at par, performs \$1500 of work which is to lay over till whole work is completed; after the above amount of work is done he will be entitled to monthly estimates, less 15 per cent from each estimate until the whole is completed. The contract for performance of the work has been carefully drawn up by the Clerk, and has been signed by the Warden and the Contractor. Mr. Brown has also entered into Bonds of himself for \$2,000 and one other security in the sum of \$1,000 for the due performance of the work.

The work has already commenced, and the Contractor appears to be pushing it forward with vigor. The right of way, four rods in width, through lot 25 in 5th Concession of Humberstone, owned by Messrs. Tuft and Loesch, the Committee has arranged for at \$25 per acre. The whole quantity of lands required, at four rods in width, is 8 1-5

acres at \$25 amount to \$205. Your Committee recommend when the Deeds for right of way be executed, that the Warden's Cheques be issued in favor of the parties entitled to the same in payment of the above land for Junction Tap Drain.

Your Committee are of opinion that the above Tap Drain when completed, will be fully capable of draining that portion of lands in Humberstone about which so much complaint has been made, and thereby save the County the expense of defending suits for damages. Length of Tap nearly two miles; probable cost, about \$6,000, including Grubbing, Removing Stumps, Timber, Excavation, Engineering, Right of Way, and all expenses in connection therewith.

Your Committee recommend the Warden's Cheque being issued for monthly estimates of the work in terms of contract, and that the Treasurer pay the same out of any monies in his hands.

All of which is respectfully submitted.

To the Warden and Councillors for the County of Welland in Council Assembled:

The Standing Committee on Education beg leave to submit this their First Report.

Your Committee find by reference to the laws now in

SECOND REPORT OF COMMITTEE ON EDUCATION. SUB-TREASURERS.

To the Warden and Councillors for the County of Welland in Council Assembled:

The Standing Committee on Education beg leave to submit this their Second Report.

The attention of Your Committee having been directed to the 57th Section of the Common School Act, 22 Victoria, Chapter 64, Consolidated Statutes for Upper Canada, they find a provision therein that each County Council shall, if

deemed expedient, appoint one or more Sub-Treasurers of School moneys for one or more Townships of the County.

Your Committee learn that it has been the practice in the County of Welland to appoint a Sub-Treasurer of School Moneys for each Township, and the practice having been found to work satisfactory, Your Committee would recommend its continuance.

With that view Your Committee recommend the appointment of the following named persons for the Townships mentioned, that is to say:

THIRD REPORT OF COMMITTEE ON EDUCATION.
*To the Warden and Councillors of the County of Welland in
Council Assembled:*

The Standing Committee on Education beg leave to submit this their Third Report.

Upon examination of the Common School Act, 22 Victoria, Chapter 64, Section 50, Consolidated Statutes for Upper Canada, Your Committee find it enacted "That each County Council shall cause to be levied yearly upon the several Townships of the County such sums of money for

the payment of the Salaries of legally qualified Common School Teachers as at least equal clear of all charges of collection) the amount of School Money apportioned by the Chief Superintendent of Education to the several Townships thereof for the year, and notified by him to such Council through the County Clerk."

It appears by statement made by the Clerk to Your Committee, that the notification above referred to has not been made to him for the present year as yet, but the notification for the past year has been laid by that officer before Your Committee as a guide in estimating the sums which may be required to be raised the current year to meet the Legislative School Grant, to be apportioned under the Statute hereinbefore in part quoted.

Basing their opinion upon the Document before them, and upon the evidence given by the Councillors representing the municipalities concerned, Your Committee estimate that the following sums will be required to be raised in the several Townships hereinafter mentioned for the purpose before named, that is to say:

In the Township of Bertie,.....	the sum of...	\$320 00
" " Crowland,.....	"	225 00
" " Humberstone,.....	"	350 00
" " Pelham,.....	"	400 00
" " Stamford,.....	"	400 00
" " Thorold,.....	"	400 00
" " Wainfleet,.....	"	300 00
" " Willoughby,.....	"	200 00

And they herewith submit a Draft of a Bill to carry the foregoing recommendation into effect.

All of which is respectfully submitted.

FOURTH REPORT OF COMMITTEE ON EDUCATION.

*To the Warden and Councillors for the County of Welland in
Council Assembled :*

The Standing Committee on Education beg leave to submit this their Fourth Report.

The matter of the payment of the expenses of supervising Common Schools in the several Townships of the County having engaged the attention of Your Committee, they deem it just and equitable that such expense be borne by the Townships interested, and that no part of such expense shall be allowed to fall upon the Incorporated Villages.

In that view Your Committee recommend that the following sums be raised in the Townships mentioned :

In the Township of Bertie.....	the sum of	\$52 00
" " Crowland.....	"	32 00
" " Humberstone ...	"	40 00
" " Pelham	"	52 00
" " Stamford,	"	44 00
" " Thorold	"	44 00
" " Wainfleet	"	44 00
" " Willoughby.....	"	24 00
		<hr/>
		\$368 00

With reference to the Petition of the Reverend George Bell, Local Superintendent of Schools for Stamford, praying that he may be paid at the usual rate of \$4 per School per annum for supervising the two Separate Schools in his Township—one in Section No. 7, established in 1862, and one in Section No. 1, established in 1865. The Separate School in No. 7 has been in operation six years, and that in No. 1 for 3 years—equal 9 years at \$4 per school, amounts to \$36—this is the sum claimed by him.

Your Committee are of the opinion that the Local Superintendents of Schools for Townships or rural districts are bound by law to visit, to superintend and to report annually upon the Separate as well as the Common Schools

in their respective Townships, and that for the discharge of these duties they are entitled to the same remuneration that may be provided for the supervision of Common Schools generally.

Your Committee would therefore recommend that the Petitioner be paid the sum of \$36 as arrears of salary due him for supervising the Stamford Schools up to the first day of January, 1868, and that the same be raised by assessment in the said Township of Stamford the current year, in addition to all other rates.

Your Committee would further recommend that in future, while said Separate Schools exist and remain under the charge of the Local Superintendent of Schools for the Township, provision be made in the usual way for payment of Supervision.

All of which is respectfully submitted.

REPORT OF COMMITTEE ON PRINTING.

To the Warden and Council for the County of Welland in Council Assembled:

The Committee on Printing report as follows:

Your Committee have had three Tenders before them and carefully examined the same. Your Committee beg leave to recommend that the Tender of E. R. Dewhurst be received.

CHARLES TREBLE.
JNO. C. KIRKPATRICK.
JOSEPH GARNER.

COUNCIL CHAMBER, WELLAND,
June 2nd, 1868.

The following are the Tenders referred to in the foregoing Report:

TENDER OF JOHN GRAHAM & Co., THOROLD
"TRUE PATRIOT."

"TRUE PATRIOT" OFFICE,
Thorold May 28th, 1868.
D. D'EVERARDO, Esq.,

County Clerk,

Sir, — We herein send you our Tender for the printing of the Minutes of the Municipal Council of the County of Welland, as per advertisement stated in our paper of the 22nd inst.

We will print the Minutes for 22 cents per "thousand eims" — and the Press Work for 75 cents per token (10

quires'. The paper, ruling, stitching and binding to be charged for at ordinary rates.

JOHN GRAHAM & CO,
Publishers of Thorold *True Patriot*.

TENDER OF J. J SIDEY, "WELLAND TRIBUNE."

To the Municipal Council for the County of Welland:

In accordance with your advertisement calling for Tenders for the performance of the printing required by Your Honorable Body, for the space of time specified in said advertisement, I hereby tender for and agree to perform the said work in the manner required, should the contract be given me at the following rates:

For Composition per 1000 ems 25 cents.

" Press Work per Token 18 cents.

Paper, stitching, &c., to be charged for as specified in your advertisement.

Should my Tender be accepted I shall also expect to receive such other work as may be required by the Council besides the printing of the "Proceedings of the Council." Should you require sureties I will furnish responsible parties for the same.

Respectfully,

Welland 28th May, 1868.

J. J. SIDEY.

TENDER OF E. R. DEWHURST.

TELEGRAPH PRINTING HOUSE,
Province of Ontario, Canada,
WELLAND P. O., May 27th, 1868.

To the Warden and Councillors, County of Welland.

Gentlemen,—

In compliance with the terms of the annexed advertisement, which is a copy of the original sent me for publication, I beg to submit the following estimate, viz.:

Composition per "thousand ems," twenty-five cents 25c.
Press Work per "token," twenty-five cents 25c.)

The above estimate, you will see, is precisely the same as that under which I have executed the County Printing since 1865, and I flatter myself that the work performed by me under that contract has afforded every satisfaction to Councillors and Officers of Council. As Journeymen printers wages are 20 cents per thousand, you will see that the profit I have realized under my contract has been 5 cts. only per thousand, and if a Publisher intends to hold himself bound by the terms of form of Tender and as to quality of material of all kinds to be used, it is impossible that he could perform the work at a lower rate. The pecuniary profit is of no inducement, and my only object in having tendered is this: As I have to keep employed a full staff of journeymen printers so as to be ready for any emergency, rush of work—having the contract enables me in dull times to keep them employed. In order to do the work an outlay of \$300 for material such as is asked for by the Council, had to be purchased by me, and which is used for no other purpose whatever than the Council Work, and taking into consideration the fact that while the Council for years were paying from 40cts. to 50cts. per "thousand" and are now paying me but 25cts., the lowest possible price, without attendant loss, and having given satisfaction in the manner of the execution of the printing, I think it will be admitted that I have some claim for consideration at the present time. I may further say that the profit on my Contract since 1865 has not liquidated the cash outlay for material rendered

necessary to fulfil the contract. In conclusion I am prepared to continue the contract at the same rates as those paid me hitherto, and am prepared, as I always have been, to offer good security for the due performance of the Printing.

I am Gentlemen,

Yours Respectfully,

E. R. DEWHURST.

FIRST REPORT OF COMMITTEE ON FINANCE.

To the Warden and Councillors for the County of Welland in Council Assembled:

The Committee on Finance beg leave to present this their first Report and recommend payment of the following accounts.

No. 1.	J. J. Sidey, advertising,.....	\$ 1 80
" 2.	Hiram Piper, stamps,.....	11 00
" 3.	J. J. Sidey, advertising,	10 88
" 4.	Dr. A. Reily, examining Catharine Shannon,	3 00
" 5.	Thomas Jones, repairs to Gaol,	56 97
" 6.	James Winters,.....	5 00
" 7.	Moses Betts,	9.02
" 8.	Leonard M. Matthews, Bridge at Montrose,	18 18
" 9.	James McGlashan, Sundries,	14 54
" 10.	E. R. Dewhurst,	161 78

\$292 17

Your Committee cannot recommend the payment of \$3.40 charged for Notice and Posters ordered by the Inspector of Weights and Measures, as they do not think they are in accordance with the Law or By-Law. Your Committee having carefully taken into consideration the amount required for the Debentures and other Ex-

penses of the County for the Current year, find that the least possible sum to be raised for such purpose will be Twenty-five Thousand Dollars, which with the amount likely to be received from Marsh Lands will, in their opinion, prove sufficient, but in this Estimate they have not included any amount for the Drainage of the County Lands.

Your Committee would also beg leave to urge the collection of Moneys from those owing the County on Marsh Lands account and who are known to be able to pay.

All of which is respectfully submitted.

REPLY OF THE HONORABLE THE SECRETARY OF STATE TO THE MEMORIAL FROM THE COUNTY COUNCIL ON THE SUBJECT OF THE WELLAND DRY DOCK.

OTTAWA, January 30th, 1868.

Sir,—I have the honor to acknowledge the receipt of your letter of the 23rd ult., transferred from the Office of the Hon. The Secretary of State to this Department, together with a Memorial from the Municipality of the County of Welland praying that the Welland Dry Dock Company may be permitted to construct a Dry Dock on the line of the Welland Canal on a certain spot selected and prayed for by them. And I am to inform you that the matter has been fully considered by the Department—that the Superintendent of the Welland Canal as well as the Chief Engineer have both reported that the spot selected by the Dry Dock Company for the Dry Dock is unsuitable, and that the privilege sought for could not be granted with a due regard to the public interests.

I am also to inform you that the Hon. The Minister has himself visited the site in question and fully concurring in the Report of the Officers of the Department above mentioned, desires me to express his regret at being compelled to refuse the prayer of the Memorialists.

I have the honor to be,

Sir,

Your Obed't Serv't,

D. D'EVERARDO, Esq.,

County Clerk,

Welland, Ont.

COMMUNICATION FROM WILLIAM BEATTY HAVING
REFERENCE TO REBUILDING OF NORTH
WING OF COUNTY GAOL.

TORONTO, February 12th, 1868.

DAVID KILLINS, Esq.,

MY DEAR SIR:—I have received your letter of 9th inst, with reference to the question of Gaol appropriation for the County of Welland.

In reply, I would say that I have again laid the matter before the Government and received their positive answer that they do not intend to make any appropriations for Gaols or repairs on them, but will leave that as a matter entirely in the hands of the respective Counties in this Province.

What policy any future Government may adopt, of course I cannot say, but I am satisfied that the County need not expect any appropriation from the present administration.

I remain,

Faithfully Yours,

WM. BEATTY.

E. C. JONES ESQ., TREASURER NOVA SCOTIA RELIEF FUND.

HALIFAX, 9th March, 1868.

D. D'EVERARDO, Esq.,

County Clerk,

Fonthill,

Ontario, Canada.

My Dear Sir:—I beg to acknowledge with many thanks the receipt of your favor of 25th ult., covering draft on the Bank of Montreal for \$102. being grant of County of Welland for relief of the destitute Fishermen of this Province, and I can assure you the money is much needed and very acceptable.

Yours faithfully,

E. C. JONES, *Treasurer.*

COMMUNICATION FROM H. H. HORSEY, ESQUIRE
 GOVERNMENT ARCHITECT, RELATING TO RE-
 BUILDING OF NORTH WING OF COUNTY GAOL.

EDWARD LEE, Esq.,

OTTAWA, May 30th, 1868.

Warden of the County of Welland.

DEAR SIR: - Enclosed you will find my account for drawing Plans and Specifications of Proposed new Jail Wing - the usual charge is $2\frac{1}{2}$ per cent on the amount of tender or cost. Will you please do me the favor to carry out this item and add it to the \$20.00 expenses charged. I visited Welland twice but only charge my expenses for one visit.

I remember Mr. Treble, Chairman of Building Committee, asking me what my charge would be for the Plans and Specifications providing the Council did not build, and I believe my answer was \$200.00; this would make my account for the present \$220.00. While I have no doubt but the usual per centage would make my account greater than this, still in the meantime I accept it, but should you conclude hereafter to build I will credit you with the amount paid on account of the usual 5 per cent, for plans, specifications and seeing them carried out. Should you desire the Plans modified before building I will do it without any extra charge.

I am, Dear Sir,

Your Obedient Servant,

H. H. HORSEY.

P. S. - Please let me know when the account is passed and at the same time the amount of the lowest *bona fide* tender.

COMMUNICATION FROM JACOB MISENER, ESQ.,
ON THE SUBJECT OF HIS SURVEY OF THE
MARSH LANDS TRACT.

*To the Warden and Councillors for the County of Welland in
Council Assembled:*

The undersigned would respectfully state to your Honorable Body that in the year 1854 he was instructed by the Honorable Commissioner of Crown Lands to make a survey of the Concession lines of Wainfleet, and that the work was required principally for the Marsh Lands owned by the County, and that he subsequently received instructions from the then Warden to set posts at the front and rears of all the lots owned by the County and to divide many of the lots and set posts at the subdivisions thereof, and that the work has occupied considerable time and is not yet completed, and that the undersigned was requested to stay the work, and that now a long time has elapsed since, and has not as yet received any orders to prosecute the survey. The undersigned would also state that a portion of the survey was to be paid for by the Township Council, and that a part of the said latter named survey has been performed for over *ten years*, and for which he has received no remuneration, and that until the survey is completed he cannot compel the Township to pay him for his services. The undersigned would also state that there has been one suit-at-law pending on said survey, (McDowell *versus* Carter) and that it is necessary said survey should be completed for the purpose of protection to the inhabitants, and that the undersigned now hopes that Your Honorable Body is willing that he shall complete the work the coming season or remunerate him for his services for the Township and get his instructions from the Honorable Commissioner of Crown Lands cancelled.

Your Obedient Servant,

JACOB MISENER,

P. L. Surveyor.

COMMUNICATION FROM ROBT. LAMONT.

WELLAND, June 4th, 1868.

To the Warden and Council, for the County of Welland.

Being furnished by your Clark, Mr. D'Everardo, with copies of your Municipal By-Laws passed on the 6th day of June, 1867, and finding them to be illegal, I requested a copy of the By-Law regulating Public Morals in conformity with the 29th and 30th Vict., Chap. 51, Sec. 193.

I received a printed copy interlined and certified by Mr. D'Everardo *alone*, for which I was charged \$1.10. If Your Honorable Body consider it my duty to pay this amount, I must, in future, refuse to make convictions under the authority of any County By-Law, or retain the amount from the County Funds.

Very Respectfully,
Your most Ob't Serv't,
